

# How to Log into Zoom

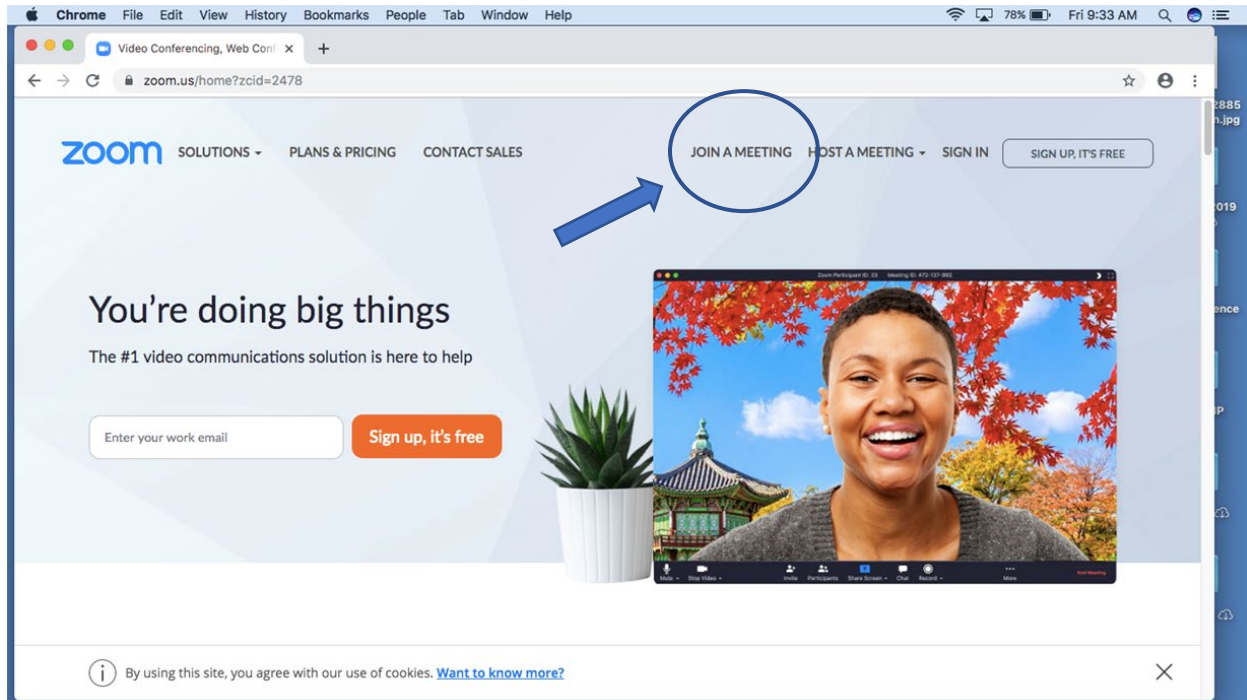

1. On your computer, open a new web browser

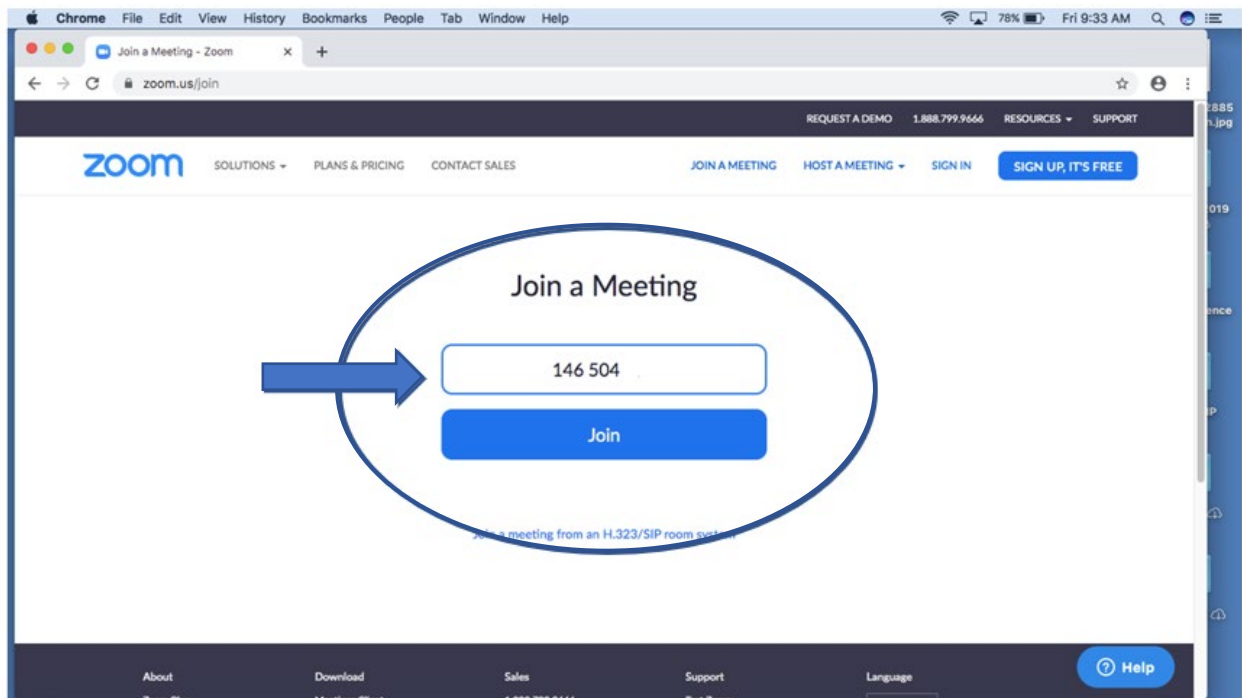

2. In the search bar at the top, type in zoom.us and hit Enter on your keyboard

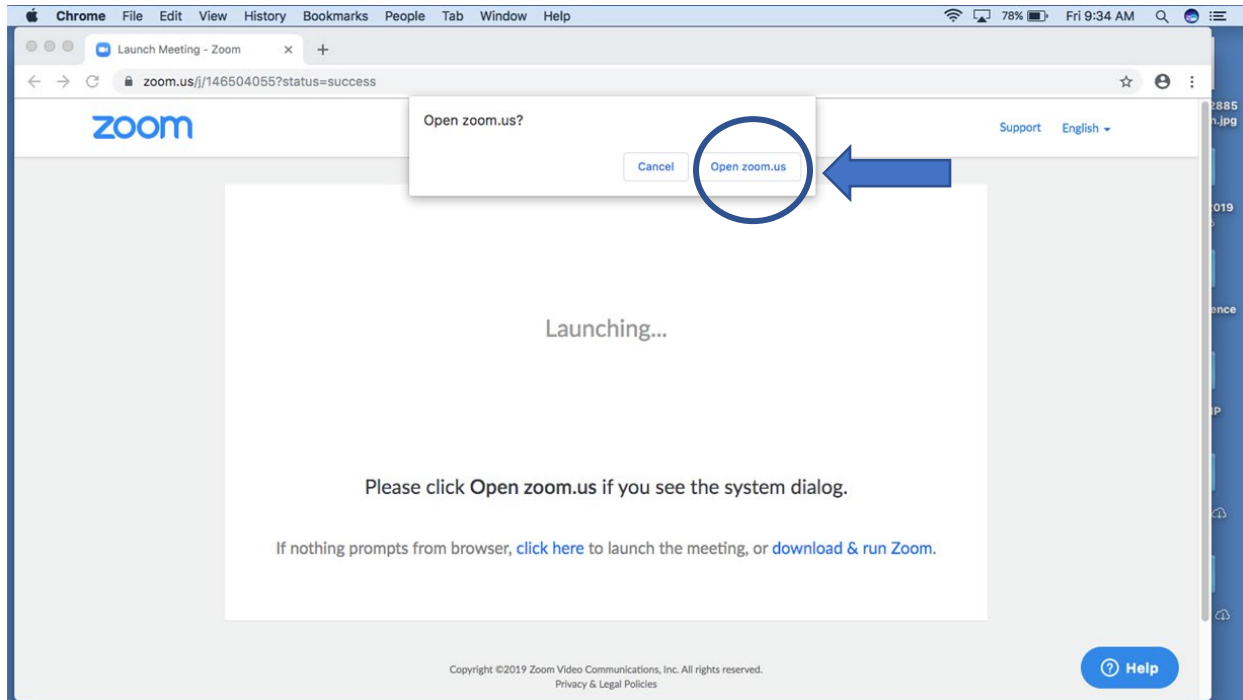

3. This will bring you to the Zoom site. In the top right-side of the page click **“JOIN A MEETING”**

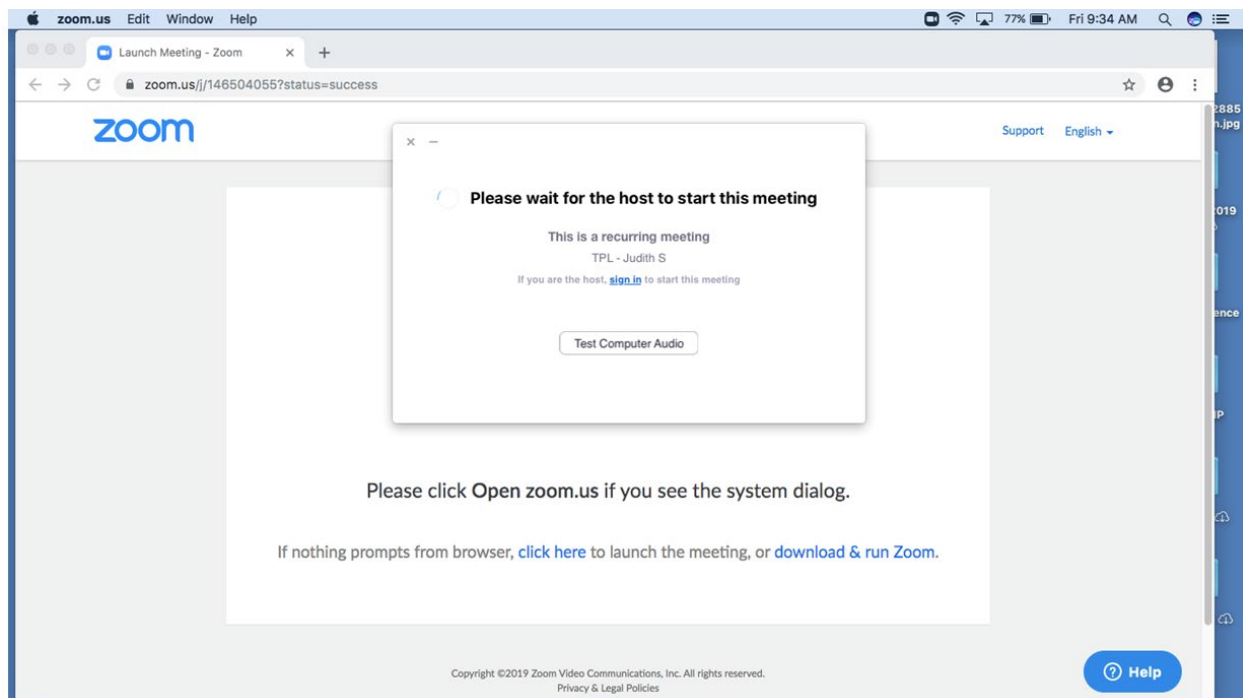

4. Type in the meeting ID provided to you. Then click **Join**

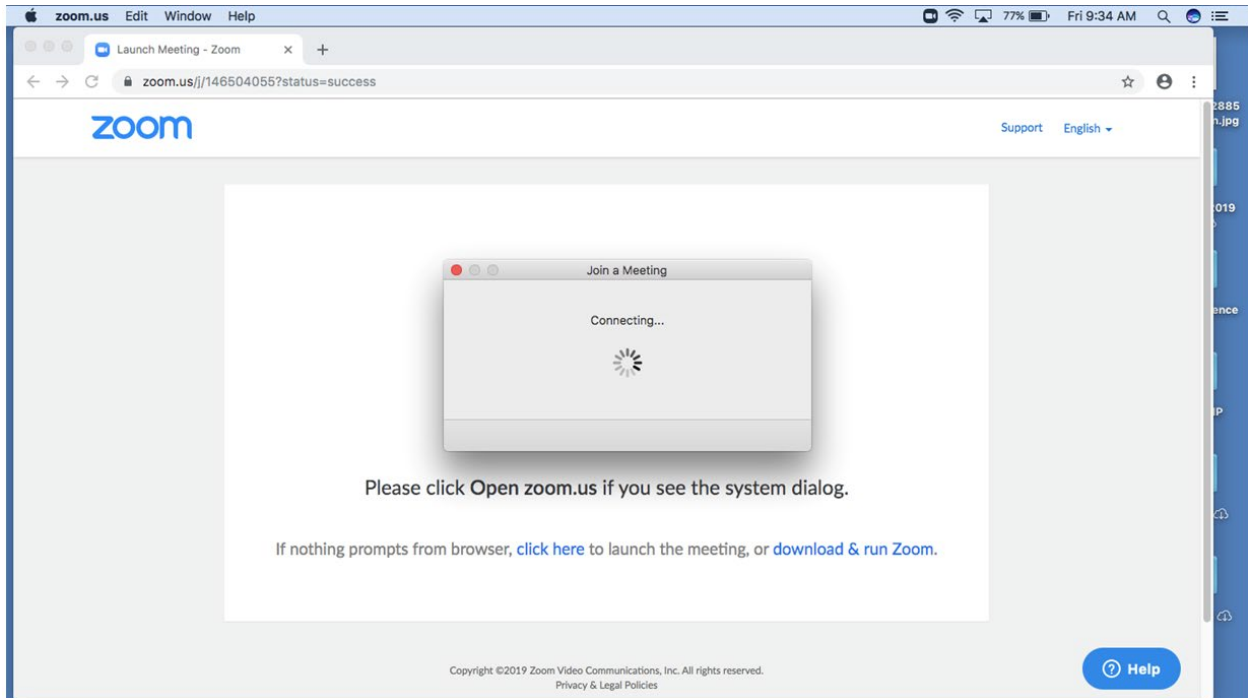

5. You will get a box that asks, “Open zoom.us”? Click the button that says **Open zoom.us**

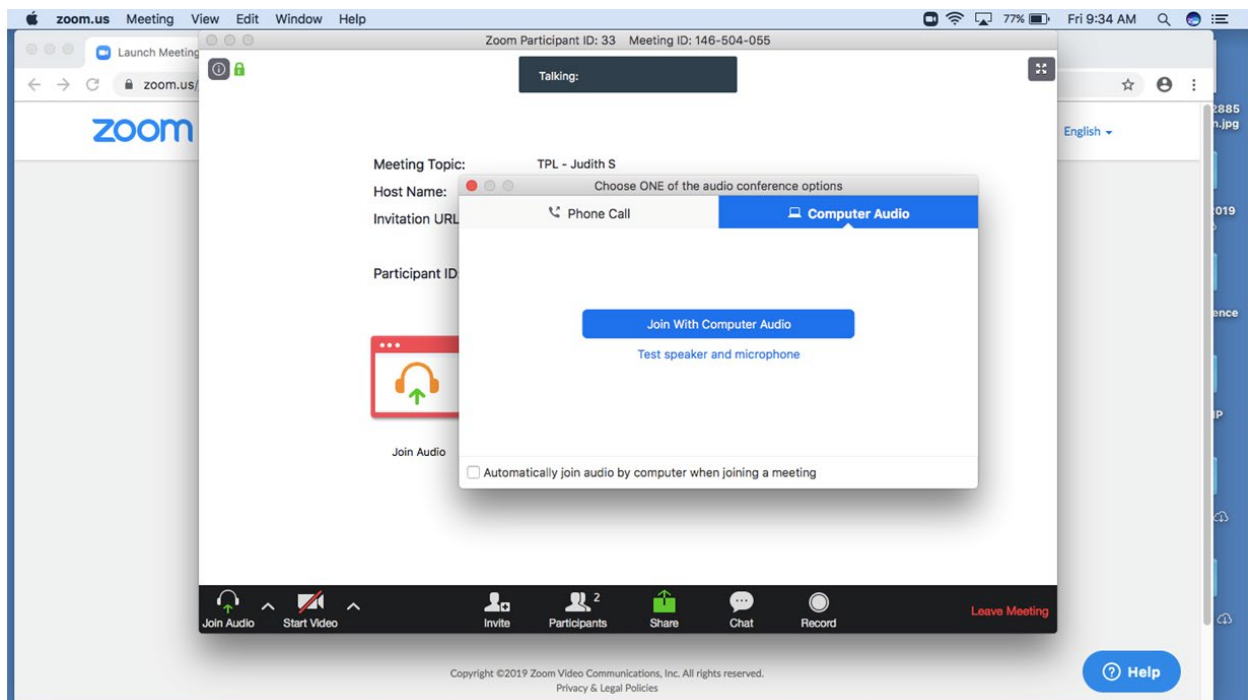

6. If the host has not started the meeting yet, then you will see this message. Just wait! You will be brought into the meeting once they log in.

7. When you are let into the meeting, a box will appear that says “Connecting...”

8. Once connected, you will see a box asking you to “choose one of the audio conferences options”. **Computer Audio** will be highlighted in **Blue**. This is the option you want. Click, Join with Computer Audio.

9. At the bottom tool bar, select **Start Video** to turn your camera on.
